Testimonial: We have been using Lyndsey's Cleaning Services since August 2015, which has since then transitioned to Maid Cleaning Services Inc.

Lyndsey and her team have been very professional and personable throughout the duration. Lyndsey's customer service has been great. She always followed up every so often to ask us for our feedback, and if we had any issues, she would come in immediately and resolve it to our satisfaction.

Lyndsey and her team also use green products for cleaning which are not only great for the environment but most importantly for all of us working in the clinic.

We wish Lyndsey and her team all the best and have enjoyed this journey with her.

Sincerely
